4.Condensed Consolidated Statements of Cash Flows

5. Notes to Financial Statements

1. Changes in accounting policies

Excluding the changes stated below, the major accounting policies that were applied to this first half's consolidated financial statements are the same policies that were applied to the previous fiscal year.

Starting from this first quarter, the Fujitsu Group has adopted IFRS 16 Leases. The accounting policies that were applied and the cumulative effect recognized at the beginning of the fiscal year are reflected in the first quarter report [Notes to Financial Statements] 1. Changes in accounting policies.

The effect on assets, liabilities, equity, operating profit, and profit for the period in the first half was immaterial. With the adoption of IFRS 16, because payments of lease liabilities are included in Cash Flows from Financing Activities, adjustments related to depreciation of right-of-use assets and others are included in Cash Flows from Operating Activities. As a result, in the first half Net Cash Provided by Operating Activities increased by 28,495 million yen, and Net Cash Used in Financing Activities decreased by 28,495 million yen, compared with what would have been achieved under the previous standard, IAS 17.
