Operating profit forecast per segment in Technology Solutions has been revised downward by 65.0 billion yen.

Note: These materials may contain forward-looking statements that are based on current information, views and assumptions and involve known and unknown risks and uncertainties that could cause actual results, performance or events to differ materially from those expressed or implied in such statements. Actual results may differ materially from those projected or implied in the forward-looking statements due to various factors.

## 2. Reasons for revisions to earnings forecast

As part of its human resources initiatives to strengthen its status as a DX company, Fujitsu will temporarily expand its “Self-Produce Support System” to support employees seeking career course redirection outside of the Fujitsu Group.

As a result, Fujitsu recorded operating expenses of 65 billion yen and revised its consolidated earnings forecasts for the fiscal year ending March 2022 as stated above.

Details of the scheme of the expansion of “Self-Produce Support System” follow below.

<b>1. Eligibility</b>	Full-time employees or those re-employed through the post-retirement re-employment system, aged 50 and older, who are employed at Fujitsu or Fujitsu Group companies in Japan and have applied for support by February 28, 2022 (3,031 persons).
<b>2. Retirement date</b>	March 31, 2022 (in principle).
<b>3. Support measures</b>	Additional retirement benefits and assistance in outplacement service through employment agencies.
